

THE LEADING EDGE IN FIRE & SMOKE CONTROL SYSTEMS

>FC60, THE ONE HOUR FIRE CURTAIN

Despite BLE Smoke & Fire Curtains continual raising of the performance bar with their 240 minute integrity fire curtain, it is recognised that not all buildings require this level of protection.

Therefore BLE introduced the FC60; a 60-minute integrity, cost effective solution built with all the same build quality and options as the FC240.

In line with BLE Smoke & Fire Curtains considerable investment in global testing the FC series was put through its paces with various testing facilities.

The result was a fully certified 60-minute integrity curtain retaining all the advantages of the BLE system; excellent build quality, simple design, backward compatibility and many control and interface options.

- EN 1634-1 & 3
- EN 1364-1
- BS 476-6;7 & 22
- BS 7346-3
- UL 10B; 10C & 10D
- UL864

BLE Smoke & Fire Curtains are the only company to have achieved a UL Listing for products of this class.

- Fabric Type x32k
- Fabric Rating 60 minutes
- Fabric Weight 540g/ sq metre
- Curtain Descent Gravity Fail Safe

BLE Smoke & Fire Curtains also have a large number of assessments on their tests based around customers' specific requirements for individual projects.
